“BULKY” ITEM PICK-UP FOR BOERNE RESIDENTS BEGINS MAY 16

The City of Boerne’s semi-annual Large Item Pick-up is coming! If you are a residential customer and are billed for garbage service by the City of Boerne you are eligible for Large Item Pickup. Waste Management crews will begin collection on Monday, May 16.

To have your items picked up, you must call the Utility Customer Service Office at 249-9511 between the hours of 8am and 5pm Monday through Friday to get your address on the pick-up list. Friday, May 13, is the deadline. Customers can even make this request online at www.boerne-tx.gov and type in “Request a Service” in the search box.

All items must be placed at the curb line in front of the residence (no vacant lots or commercial establishments). Waste Management will pass down each street only once, so please have your items out by Sunday, May 15. Customers will be responsible for any items placed curbside without a request.

Items that will be picked up include old furniture, hot water heaters or other bulky household items. Appliances containing Freon, such as air conditioners, refrigerators and freezers WILL NOT BE PICKED UP. Please do not put out brush, tires, batteries or paint cans for this collection.

more

A mechanical grabber may be used to remove the large items. To avoid damage, items should NOT be placed under low utility lines or low tree branches or adjacent to fences, utility meters, telephone pedestals or fire hydrants. Items placed in these restricted areas can not be picked up safely.
